

Virginia Natural Gas

Have you heard about our **Steps to Advance Virginia's Energy (SAVE)** program?

Steps to Advance Virginia's Energy (SAVE) program is our company's pipeline modernization initiative aimed at renewing our existing, aging natural gas infrastructure.

Virginia Natural Gas has a long track record of delivering clean, safe, reliable and affordable natural gas service to our more than **310,000 customers** across southeastern Virginia. Through our SAVE efforts, we will ensure our customers continue receiving the service they deserve, while putting us on a pathway to reach net-zero greenhouse gas emissions from our operations by 2050.

virginiannaturalgas.com/neighborhood

100% of low-pressure and cast iron pipeline removed from our natural gas system.

Upgraded over 575 miles of older, aging pipes with more modern pipes.

Reduced our greenhouse gas emissions by 35% since 2012.

Your safety is our highest priority

00306824

Virginia Natural Gas reminds community members to remain vigilant and use extra precaution around any active construction sites, including our SAVE projects, in the community. To ensure your safety and the safety of your children and pets:

-  Keep away from construction areas.
-  Drive and walk carefully if you have to travel through construction zones.
-  Do not park in locations marked as hazardous.
-  Follow and obey the direction of traffic signs and on-site crews.
